

Died.

Blanche, the infant daughter of Mr. and Mrs. Geo. B. Dean, died at 5:45 o'clock this morning after an illness of four weeks. Her illness did not take a serious turn until Thursday. She was seven months and five days old.

The funeral will be held at the family residence tomorrow afternoon at 2 o'clock, conducted by Rev. J. G. Cunningham of the Presbyterian church. Interment will be made in Prairie Lawn cemetery.

The bereaved parents have the deepest sympathy of the entire community in their severe loss.—From Saturday's Journal.

Train Plunges into a River.

Leavenworth, Kan., July 6.—The Burlington passenger train due in this city from Kansas City at 9:45 o'clock p. m. tonight was wrecked near Waldron, half way between Leavenworth and Kansas City. The fireman was known to have been killed and a serious wreck it is feared has taken place. The Burlington officials sent a rescue train to the scene of the catastrophe as soon as notified and another was dispatched from St. Joseph. On the train from this point Mrs. McKee and Boling were sent to any help that might be needed.

The wreck is said to have been caused by the washout of a bridge over a small stream near Waldron. The train was coming north and is supposed to have run into the stream at full speed. The Burlington officials are using every effort to secure news of the wreck, but no details have been earned.

C. Worden and wife returned last night from the east, where they have been visiting for two months. James Worden, Sr., who accompanied them, returns tonight. Mrs. Worden visited in Bloomington, Ill., while Mr. Worden took in the seashore at Atlantic City and Long Island and visited his old home in New Jersey. Mr. Worden makes a remarkable statement about the condition of the farming interests in New Jersey. A 200-acre farm well improved, which formerly belonged to his uncle, Samuel Worden, sold not long ago for \$5,000. Thirty years ago this farm could not be bought for \$2,500. About all there is of value to the farm now is the improvement, which are extensive. The land is worn out and nothing of value can be grown upon it without fertilization, which is very expensive. New Jersey farmers pretend to raise nothing, except garden truck, and keep cows and sell milk. Since his recent visit to the east, Mr. Worden realizes more than ever that the east will soon be entirely dependent upon the west.—From Saturday's Journal.

The old notion that bicycle riding is healthful to women is rapidly dying out. The bicycle factories create this belief and made money out of it. The people who have always held that a woman on a bicycle is suggestively vulgar, are having their inning. Medical men now admit that the bicycle destroys femininity. The wheel hardens the woman's face, tends to a fixity of features, flattens the breast, rounds the shoulders, dulls mental modesty and generally tends to a coarseness. A great many women are doing this out, and abandoning their bicycles. They admit that the bicycle habit is silly.

At one of the Fourth of July picnics Tuesday, the men wanted to get away from their lady friends long enough to get a glass of beer, so one of the number appointed himself captain, organized a military squad, and lining the fellows up, took them on a practice march. As soon as they were out of sight they stormed a place where it was reported beer was kept for sale. The proprietor surrendered and let them search his ice box, but it was found to be empty.

Tom Sargent laved off Saturday and Sunday. Hank Iseninger worked in his place.

Biggest Wedding Ever Known.

On the day that Alexander the Great was married no fewer than 20,000 persons in one ceremony were made husbands and wives. This seems impossible, but the event really took place, as historical records tell us. This monster wedding occurred upon the conquest by Alexander the Great of Persia, which was then ruled over by King Darius. Alexander married Statira, the daughter of the conquered king, and decreed that 100 of his chief officers should be united to 100 ladies from the noblest Persian and Median families. In addition to this, he stipulated that 10,000 of his Greek soldiers should marry 10,000 Asiatic women. When everything was settled a vast pavilion was erected, the pillars of which were sixty feet high. One hundred gorgeous chambers adjoined this for the 100 noble bride-grooms, while for the remaining 10,000 an outer court was inclosed, outside of which tables were spread for the multitude. Each pair had seats and ranged themselves in a semicircle round the royal throne. Of course, the priests could not marry this vast number of couples, so Alexander the Great devised a very simple ceremony. He gave his hand to Statira and kissed her—an example that all the bride-grooms followed. Thus ended the ceremony, and that vast number were married. Then followed the festival, which lasted five days, the grandeur of which has never been equaled since.

Like the flame on the forge that looked frozen and dark. Ere the bellows-draft quickened the smouldering spark— So life is a spark; and life is a fire. And life is a flame rising higher and higher. One free breath of nature ere hope dies in men, And the fast-fading embers will wake again.

Thousands of people die of wasting weakening diseases every year who by all rules of nature and reason ought to be restored to health and strength. The medicines they receive from the average doctor according to regulation, stereotyped practice are mere temporary palliatives; they do not reach down deep into the vital organism where the spark of life lies dormant waiting to be awakened.

In numberless cases where every other remedy absolutely fails Dr. Pierce's Golden Medical Discovery breathes its strong vitalizing power upon the slumbering forces of life and wakens them into active energy. It quickens the digestive and blood-making glands and empowers them to supply fresh rich nourishment to all the organs and tissues; invigorates the heart and lungs with vitality; destroying and excreting naturally from the system the bile-poisoned dregs which lurk in the circulation, thus building up new constitutional vigor and activity.

"I took a severe cold which settled on my lungs and chest, and I suffered intensely," writes Mr. Harrison Smith, of Capetown, Ky. "I tried several of our best physicians, but they gave up all hope of my recovery; they said I had consumption and could not live more than a few weeks. I took five bottles of Dr. Pierce's Golden Medical Discovery and am sound and well to-day. I feel better than I have in ten years."

Atchison Globe Philosophy.

Everyone occasionally marvels at the good luck of the shiftless.

It is easier to quit some bad habits than it is to continue them.

A man is in love with two or three different women all the time.

The test of a thoroughly good Methodist is that he never gets too old or stiff to get down on his knees.

When a woman doesn't know of any thing else to say about another woman, she says she has such "cute little ways."

Experience fully demonstrates two things: 1. Don't go to law; 2. If you are forced into it, hire the best lawyer in town.

Of course no human being can form a conception of what hell looks like, for we have always had an idea it looks like a woman's discarded corset.

When a man writes to his mother or wife that he will not write her dear heart as long as he is suffering, he immediately begins to write it, by exaggerating what actually happened.

There is no bill collector so fierce as the wife of the creditor. When a man is short of money and his wife is short of money, the wife is always the one who is shorted up by the man.

In the 19th century warnings, young men are told to play with fire. A prominent Atchison young man has just come in the next, because he gambled. Gambling leads men into ruin, and particularly tending money, and gives no help to them. It is a game that young men cannot be made to understand how vitally important good habits are, and how easy they are. Good habits are better than bad habits always. A young man ruined for life by spending a little money that did not belong to him; it is pitiful. Every dollar that he took that did not belong to him, cost him a thousand dollars, and more. Why do men play a game that no man ever beats?

IS IT INTERESTING?

We Can Say Yes, Most Emphatically, To This Query.

WE REFER TO OUR NEW SERIAL.

A Question of Courage

BY FRANCIS LYNDE.

You are sure to admire the story, and after reading it will agree with us.

LOOK OUT FOR OPENING CHAPTERS.

The Asylum Suit Filed.

A suit brought by citizens of Clay Center to prevent Parsons from securing the new insane asylum has been filed in Clay county and a temporary injunction has been issued to restrain the state board of charities from taking deeds from Parsons for the site and from certifying vouchers to the state auditor and also to restrain the board from making contracts for the erection of the new asylum.

The suit was filed yesterday by attorneys for the Clay Center business men's club, and is brought in the name of the state of Kansas on the relation of the county attorney, J. H. Russell.

In the absence of the district judge the probate judge issued the temporary injunction.

Service in the case was secured on P. H. Dolan, a member of the board of charities who was passing through Clay Center.

The politicians have been making light of the charges of fraud and boodles but the Clay Center people charge in the petition that four members of the committee accepted boodles. The men are not named.

The petition which is filed in this case sets up the claim that the action of the committee in locating the asylum is void for the following reasons:

"First—Because the committee was appointed before the law went into effect.

"Second—Because the house of representatives did not approve the speaker's appointments of members of the committee.

"Third—The law creating the committee is in contravention of section 10, article 2 of the constitution.

"Fourth—That the act does not authorize any person to purchase land for the site and makes no appropriation for the purchase of the land.

"Fifth—That a majority of the committee did not at any time vote for Parsons.

"Sixth—That twice before the eighteenth ballot, upon which the asylum was declared located at Parsons, a majority of the committee had voted for Clay Center and the tellers suppressed the votes.

"Seventh—That four members of the committee fraudulently, and corruptly for a consideration of money or property or promises of property by them received or to be received voted for the location of the asylum to be located at Parsons."

The section of the constitution which it is claimed the law contravenes follows:

"No bill shall contain more than one subject which shall be clearly expressed in its title."

This is the same contention which A. A. Bond raises against the validity of the court of visitation act.

With reference to the sixth paragraph of the petition, it is probably at first a peculiar idea. But this claim is made in view of the fact that Representative Moore (Rep.) and Representative Wright (Pop) claim that on certain ballots they voted for Clay Center. As Senator Anderson, Representative Bigham and Representative Frank Reeder saw the votes of each as they were cast they will swear that they voted constantly for Clay Center. This means that Moore and Wright, had they voted as they claimed they did, would have given the asylum to Clay Center. Should this point be sustained it will prove that the asylum was located at Clay Center, or that these men have misrepresented the vote which they claim to have cast.

This suit will "stir up the animals" in Topeka. It will result in bringing before the public the name of the man who offered Tom Anderson money to vote for Parsons. Major Anderson says the public shall know who it was when this case comes to trial.

The real truth of the boodle charges will now be developed. If the Clay Center people prove what they expect to the suit will furnish a sensation which the people of the state will preserve as a choice morsel of gossip for several years.

The Parsons people have been chaffing about the charges of boodles, but now the city is placed on the defensive and the indications are that there will be a long and bitter legal fight over this question.

It is believed that the litigation will not be concluded before the next legislative assemblies, when the location of an asylum in the western part of the state will be taken up in earnest. Just now the appointment of a special committee to locate even a post hole would be unpopular. The people of the state have had enough of legislative special and investigating committees.

The 9 year old son of William Porter, living near Coates, Pratt county, picked up a loaded revolver Wednesday afternoon which had been left in the bedroom by the hired man, and playfully pointed it at his baby sister with the remark, "I'll shoot you." He pulled the trigger and the ball passed through the baby's head, and entered the heart of the mother, who was lying on a lounge, killing both mother and babe instantly.

"Durability is Better Than Show."

The wealth of the multi-millionaires is not equal to good health. Riches without health are a curse, and yet the rich, the middle classes and the poor alike have, in Hood's Sarsaparilla, a valuable assistant in getting and maintaining perfect health. It never disappoints.

Scrofula.—Three years ago our son, now eleven, had a serious case of scrofula and erysipelas with dreadful sores, discharging and itching constantly. He could not walk. Several physicians did not help for sixteen months. Three months' treatment with Hood's Sarsaparilla made him perfectly well. We are glad to tell others of it." Mrs. DAVID LAIRD, Ottawa, Kansas.

Nausea.—"Vomiting spells, dizziness and prostration troubled me for years. Had neuralgia, grew weak and could not sleep. My age was against me, but Hood's Sarsaparilla cured me thoroughly. My weight increased from 125 to 145 pounds. I am the mother of nine children. Never felt so well and strong since I was married as I do now." Mrs. M. A. WATERS, 1129 33d St., Washington, D. C.

Eczema.—"We had to tie the hands of our two year old son on account of eczema on face and limbs. No medicine even helped until we used Hood's Sarsaparilla, which soon cured." Mrs. A. VAN WYCK, 123 Montgomery Street, Paterson, N. J.

Hood's Sarsaparilla

Never Disappoints

Hood's Pills cure liver troubles, the most irritating and only cathartic to take with Hood's Sarsaparilla.

LAWYERS.

Office over Klein's hardware store. Practice in all courts.

WELLINGTON, KANSAS.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years it has been pronounced a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., TOLEDO, O. Sold by Druggists, 25 cents.

Rheumatism Cured in a Day.

"My 'Cure' for rheumatism and neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by H. F. Smith, druggist, Wellington.

Housekeeping.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in one case out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor injures first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Except in very unusual cases of "female weakness" examinations are needless. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

Send 21 cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Advisor World's Dispensary Medical Association, Buffalo, N. Y.

Worn-out Women

Most women are druggists. Some are willing, some are unwilling. Some women drudge for themselves, some for their family. Their routine is endless; no matter how ill they feel they work.

Women never half take care of themselves. Early decay and wrecked lives abound, mainly through neglect. Every woman should have the book called "Health and Beauty," which the Pe-r-u-na Medicine Co., Columbus, O., will mail on request. It tells women some easy things to do to protect health, and all about the virtues of Pe-r-u-na for women's peculiar ills. Miss Lizzie Peters, Mascoutah, Ill., writes:

"I am perfectly cured of female weakness by taking Pe-r-u-na and Man-a-lin. I have gained thirty-seven pounds since I began taking Pe-r-u-na. My friends are wondering what makes me look so bright and healthy. I would like to let the world know what a wonderful medicine Pe-r-u-na is."

Woman's diseases are mainly catarrh of the pelvic organs. Pe-r-u-na drives out every phase of catarrh.

Mrs. Eliza White, No. 130 Iron Street, Akron, O., writes:

"I would be in my grave now if it had not been for your God-sent remedy, Pe-r-u-na. I was a broken-down woman, now I am well."
